

What are the benefits

- Internal solution for HP LaserJet printers
- Documents follow users to their choice of printer
- Controls user's access to printers and MFPs
- Tracks user's print and copy activity
- Recovers print and copy costs by charging users or groups, either fully or partly
- Utilizes existing ID- card infrastructure

The SafeCom Go product suite is clever printing solutions embedded into HP LaserJet printers. The SafeCom Go products helps organizations gain control over their print and copy costs. SafeCom Go enables document security on workgroup printers.

The SafeCom Go product suite consist of the following products:

- **SafeCom Go**
Pull print and copy control solution. Documents follow users to their choice of printer. With Pull Print you can turn cost-effective public workgroup printers into personal printers. Together with SafeCom Tracking it is possible to collect information about print and copy usage per person or department.
- **SafeCom Go Pay**
In addition to the functionality of SafeCom Go it becomes possible to charge users for print and copy costs up-front. Educational institutions and others can turn a printer or multi function printer (MFP) into an revenue stream.

SafeCom Go with SafeCom HID Reader on HP LJ 9000mfp

The SafeCom Go products offers users several advantages compared to traditional external solutions:

- User interface is integrated into the printer's menu structure.
- Utilizes existing ID-card infrastructure.
- Works with the HP JetDirect network card of the printer. No need for any additional network connection.
- Integrated with HP printer requiring no or minimum external cabling.
- Cost effective with rapid return on investment.
- Compatible with external SafeCom solutions, allowing customers to offer same functionality across a broad line of printers.

Identification Methods

Please contact us to hear about other methods than those below:

- User code (1-10 digits)
- Magnetic Card (Track 2)
- EM41xx Proximity Card
- HID Proximity Card
- HITAG Proximity Card
- Indala Proximity Card
- Legic Proximity Card
- Mifare Proximity Card
- NEDAP Proximity Card

SafeCom Go ID Kit

SafeCom Go products with ID Kit is required if you wish to use a card reader or another type of identification device. The identification device must be ordered separately.

System Requirements

Server

Windows XP, 2003 and 2000.
SafeCom License key code.
Recommended: 1GHz CPU and 512 MB RAM. 1 GB of free disk space.

Database

The free Microsoft SQL Desktop Engine (MSDE) is distributed with SafeCom. In a SafeCom G2 multi server installation the master server must run Microsoft SQL Server on either a Windows Server 2003 or a Windows 2000 Server.

Client

Windows XP, 2003, 2000, NT 4, 98 and clients running Citrix and Windows Terminal Service.
Recommended: 400 Mhz CPU and 256 MB RAM. 100 MB of free disk space.

Network protocol
TCP/IP.

Content

Qty. Description

- 1 SafeCom CD with software and documentation.
- 1 SafeCom DIMM (memory module) to be mounted in an empty DIMM slot inside the printer.

Printers

The internal SafeCom Go (DIMM) is available for these HP LaserJet printers equipped with HP JetDirect network cards:

- HP LaserJet 4100mfp (*1)
- HP LaserJet 9000mfp (*1)
- HP LaserJet 9055mfp (*2)
- HP LaserJet 9065mfp (*2)
- HP LaserJet 4200
- HP LaserJet 4300
- HP Color LaserJet 4600
- HP Color LaserJet 5500
- HP Color LaserJet 9500 (*3)

(*1) Features a built-in numeric keypad which allow users to be identified by means of a numeric code.

(*2) No support for SafeCom Go Pay.

(*3) Use of User code and/or PIN code is possible, but a press on the **Down** button to get **Enter** is required to signal that the complete user code has been entered.

User interface is integrated into the HP printer's menu structure.

Other printers are supported by external SafeCom equipment that attach to the printer's network or parallel port.

Part Number	Product Name	Description
SafeCom Go		
920 aaaa GO	SafeCom Go	Pull print and copy control solution. Tracking requires SafeCom Tracking (933 990) on the server.
921 bbbb GO	SafeCom Go with ID kit	Same as above, but with ID kit.
